

Agricultural Waste Management Permit Fee Structure:

Waste Storage Closure – NO FEE (Permit still required)

New Waste Storage Facilities or Substantial Alterations of Existing Facilities:

Up to 199 Animal Units - \$250

200- 499 Animal Units - \$750

500-999 Animal Units - \$2,000 + \$1.00 per Animal Unit

1000 or more Animal Units - \$3,000 + \$1.00 per Animal Unit

Permanent Solids Stacking Facility (on Farmstead) - \$250*

*As a stand-alone practice (if part of a larger project follow rates above)

Transfer Components (not installed with a new waste storage):

Pipes Only - \$50 plus \$0.50/Ft

Channels Only - \$50 plus \$0.50/Ft

Tanks Only (18,000 gallons or less) - \$50 plus \$0.05/gallon

Tanks, pumps, pipes - \$100 plus \$0.50/AU

If the application is submitted after the commencement of activities requiring a permit, then the fee will be doubled. All applicable federal, state, and local standards and ordinance provisions still apply.

Applications received after the commencement of activities requiring a permit do not preclude the LCD from taking enforcement action.

Variance from Setbacks in Ordinance:

Application fee = \$2,000

Note: Variance process needs approximately 6 weeks to be completed.

Nutrient Management Plan – Annual update:

NMPs and checklist are due by April 1st of each year.

On May 15th, the Department will charge the operator a \$100 late fee with interest accruing each subsequent day that the fee is not paid or that the NMP is not submitted.
