

Public Involvement Meeting Notice

Improvements to Bridge on Center Road

Planned improvements for the bridge on Center Road in the Town of Hoard, Clark County, will be discussed at a public involvement meeting on December 11, 2024. The meeting will be held at the Hoard Town Hall, W3517 Center Road, Owen, WI. A presentation on the project will be included at the beginning of the meeting that is scheduled to begin at 8:00 PM.

The Center Road bridge project involves improvements to the roadway and bridge at the crossing of the Nork Fork Popple River approximately 1.3 miles west of County Road E. The project includes replacement of the existing structure and minimal work along the roadway approaches. During construction of the project, the road will be closed to traffic. Construction is anticipated to take approximately 3 months during 2026. The exact timeframe will be determined by in-stream work restrictions and contractor availability.

A variety of exhibits and maps will be featured at the public involvement meeting, and a representative from Ayres Associates will be available to discuss the project and answer questions. The public is encouraged to attend to examine the proposed improvement and discuss any concerns they might have.

Persons requiring an interpreter, materials in alternate formats, or other accommodations to access this meeting virtually are encouraged to contact the Clark County Highway Department or Ayres Associates at the numbers below at least 72 hours prior to the meeting so arrangements can be made. Deaf or hard of hearing persons needing assistance may contact the Clark County Highway Department or Ayres Associates via the Wisconsin Telecommunication Relay System (dial 711).

Individuals who are unable to attend on December 11, 2024, can contribute comments about the bridge project by contacting the following individuals:
