What is ADRC?

The Aging and Disability Resource Center (ADRC) is a public office that people can find in their communities for older people and adults with disabilities, as well as their families and friends. Our staff is available to answer your questions and help you explore all your options. Free, private, confidential meetings with our staff are available at the resource center, over the telephone, or on a visit to your home.

We will provide links for services such as:

- **Elder Benefits counseling-** Providing services to adults ages 60 and older regarding information related to Social Security, Medicare, health insurance and other public and private benefit programs. Services include assistance with filing claims, solving claim errors, appealing decisions, and understanding and comparing supplemental health insurance policies.
- **Disability Benefits counseling-** Providing services to people ages 18-59 with physical and/ or developmental disabilities, mental illness and substance abuse disorders, regarding public and private benefits, including assistance with application and appeal procedures.
- **Information and Assistance-** Provide knowledge about services, programs, and solutions for disability and long-term care issues such as living arrangements, health, adult protective services, employment and training for people with disabilities, home maintenance, nutrition, Social Security, and other publicly funded programs.
- **Youth Transition Services-** Information about resources available when youth with disabilities reach adulthood.
- **Long-term care options counseling-** Offer information about the choices that are available to meet your long-term care needs discussing factors to consider when making long-term care decisions. This includes enrollment into long-term care options (Family Care and IRIS).
- **Adaptive Equipment loan closet-** Adaptive equipment available to borrow including commodes, bath benches, walkers, wheelchairs, etc.
- **Family caregiver services-** Consultation with individuals and families, support group, respite programs, adult day care, educational materials.
- **Health & Wellness programs-** Healthy living programs, falls prevention workshops, nutrition workshops, and caregiver support workshops.
- **Incontinence supplies**
- **Liquid nutritional supplements-** Available at reduced prices to adults who have a doctor's or dietician's order for the products.
- **Home Delivered Meals-** Meals are delivered to homebound adults age 60+ and include a check on their well-being.

What is ADRC Continued

- **Senior dining-** Healthy, appetizing meals served at senior centers and public housing. Opportunity for networking, visiting with friends, and volunteering.
- **Memory care connections-** Support for spouses and others caring for a loved one with Alzheimer's disease at home.
- **Private-Pay caregiver list-** Families needing to hire a caregiver can review a list of private pay persons seeking work. Families use their private funds to directly pay caregivers.
- **Tax-aide-** Help with filing Wisconsin Homestead Tax and income tax returns.
- **Transportation-** Information about transportation choices and volunteer drivers.
- **Farmer's Market Vouchers-** Assistance with the application for fresh produce vouchers (June-October).
- **Wisconsin Home Energy Assistance Program-** Assistance with application for heating and electric assistance for the heating season (October- May).

Find Your Fit: Residential Choices Simplified

The term “Assisted Living” is a catch-all phrase for several types of facilities that provide on-site care. The ADRC receives many questions about Assisted Living. Below we are going to “bust” this lingo for the different types of assisted facilities found in Clark County and throughout Wisconsin.

For many people, thinking about assisted living can be a scary scenario! It represents change and brings with it concerns about freedom and independence, the comforts of home, and of course finances.

It helps to be a well-educated consumer. The more you know, the easier the transition.

The ADRC is here to help – please contact us to have a discussion about your assisted living options.

Increasing levels of care as needs progress

RCAC = Residential Care Apartment Complex

- ♥ RCACs offer an apartment—generally a studio, 1 or 2 bedrooms—with a private, lockable entrance that includes a small kitchen and private bedroom.
- ♥ RCAC complexes can have between 5-100+ individuals and may be part of a larger continuum of care.
- ♥ Supportive services usually include meals, personal care, chores, medication management and social activities. Some services are often included with the rent.
- ♥ RCACs cannot provide more than 28 hours of supportive services for the residents each week.
- ♥ Per the Wisconsin Department of Health Services, RCACs are not an appropriate living environment for those with Alzheimer's or related dementias, nor for those who have an Activated Power of Attorney for Healthcare.
- ♥ RCACs are not licensed, but are either certified or registered by the Wisconsin Department of Health Services Division of Quality Assurance

(715) 669-3844

418 E. Stanley St. Thorp, WI 54771

<http://www.traditionsassistedliving.com>

CBRF = Community Based Residential Facility

- ♥ CBRFs usually offer a private room or studio, although some have 1-bedroom units. Residents typically have their own private bathroom but share a common dining area and social space.
- ♥ CBRF services may include meals, personal care, chore services, medication management, health monitoring, social and recreational activities.
- ♥ CBRFs operate with staff on-site 24 hours a day. A CBRF facility can provide more hours of supportive care than a RCAC, but a CBRF cannot provide more than 3 hours per week of licensed nursing care (LPN or RN).
- ♥ CBRFs are licensed and regularly inspected by the Wisconsin Department of Health Services Division of Quality Assurance.

AFH = Adult Family Home

Please call the Aging & Disability Resource Center for Options 715-743-5166

- ♥ An AFH offers a small, homelike setting. Residents usually have a private room in the house, a shared or private bathroom, as well as shared dining and social space.
- ♥ AFHs are houses in community neighborhoods that can serve between 1 to 4 individuals. They will not be found as part of a larger continuum of care.
- ♥ Services offered are like a CBRF and may include meals, personal care, chores, medication management and recreational activities.
- ♥ A 3-4 bed AFH cannot provide more than 7 hours of licensed (LP or RN) nursing care per week.
- ♥ AFHs with 3-4 bedrooms are licensed and regularly inspected by the Wisconsin Department of Health Services of Quality Assurance. AFHs with 1-2 bedrooms are not licensed by the Wisconsin Department of Health Services but are regulated by the individual county human services department or the long-term care Medicaid programs servicing that county.

Memory Care

Please call the Aging & Disability Resource Center for Options 715-743-5166

- ♥ Memory care facilities serve patients with Alzheimer's disease, dementia, or other significant memory or behavioral problems.
- ♥ Memory care may be offered in facilities that are licensed as an AFH, CBRF or SNF. These types of facilities may offer memory care specific building design and safety measures, services, programming and staff training.
- ♥ Memory care facilities must adhere to the rules and regulations for their type of facility (i.e. CBRF, AFH, SNF). There is no separate oversight or licensing for these types of facilities.

CCRC = Continuum of Care Retirement Community

Please call the Aging & Disability Resource Center for Options 715-743-5166

- ♥ CCRCs provide multiple living settings and levels of care that are part of a larger retirement community. Allowing a person to "age in place", CCRCs may include independent apartments, assisted living (RCAC or CBRF) and Skilled Nursing Care. A person can spend the rest of their life in a CCRC by moving between care levels as needed, from independent to skilled care.
- ♥ Continuum of care facilities are usually larger campuses, with multiple buildings or wings within a building to accommodate the range of living settings they offer.

SNF = Skilled Nursing Facility

- ♥ SNFs provide short- or long-term skilled nursing care and rehabilitation services to patients.
- ♥ SNF provides 24-hour medical support to patients requiring transitional care following a hospital stay.
- ♥ Assist patients in their recovery process so that they can safely return home.
